

Santa Clara University

ENGR 290

PROFESSIONAL PRACTICE SEMINAR

Fall, 2000

(This course is open only to holders of the Graduate Honors Fellowship.)

Instructors: Tim Healy, Neil Quinn

Day: Wednesdays

Time: 5:30-6:30

Room: EC 230

The purpose of this course is to explore issues concerning the relationship of technology to society, including the positive and negative impacts of technology. There will be a number of readings in the course, assigned papers, and various classroom activities which require preparation.
